

The WARM/Rotary Holiday Food Drive Needs Team Captains!

The WARM/Rotary Holiday Food Drive is fast approaching. This food drive is a local effort to collect food and household donations for those in need this winter. We have been amazed at the tremendous support throughout the years and last year was our biggest collection yet! We owe that success to the generosity of our Westerville neighbors and the coordination and effort of our team captains.

We hope to reach 18,000 homes this year for the drive. This is a 4,000-home increase from last year!

We would love to have your help as a Team Captain to help WARM meet this goal and continue to help our community members in need.

WARM thanks you for your consideration!

What do Team Captains and their teams do?

- Put together a team to drop-off Food Drive collection bags to homes in the assigned neighborhood between November 26-29
- Pick up filled bags on December 4 between 9:00am and 12:00pm
- Drop off filled bags to one of 4 collection sites

WARM will provide Team Captain training via Zoom, as well as all materials needed: Holiday Food Drive collection bags, yard signs, team lanyards and vehicle signs.

Are you ready to find a neighborhood and sign-up for the Holiday Food Drive? Do you have any questions?
